

- ♦ **Project Name: OrangeHRM Manual Testing**
 - ♦ **Tester: Tanjinur Islam**
 - ♦ **Test Duration: April 10 – April 24, 2025**
 - ♦ **Version: 1.0**
-

1. Objective

To verify that the core functionalities of the OrangeHRM system meet the expected requirements and identify any defects.

2. Modules Tested

- Login
 - My Info
 - PIM
 - Leave
 - Recruitment
-

3. Test Case Summary

Total Test Cases	Passed	Failed	Blocked
15	14	1	0

4. Defects Summary

Defect ID	Module	Severity	Status	Description
TC009	PIM	Medium	Open	Special characters in employee name.

5. Observations & Recommendations

Most modules performed well.

UI issues found on smaller screen sizes.

Need validation for certain form fields.

6. Conclusion

The system is stable for core functionalities. Final sign-off will depend on resolving the open defects.
