Module: PIM
Reported By: Tanjinur islam
Date Reported: April 24, 2025
Environment: https://opensource-demo.orangehrmlive.com/
Priority: Medium
Severity: Medium

Description:

The system allows saving employee names with special characters like "@n@man!" without showing any validation error.

Precondition:

Admin is logged in and on the **PIM > Add Employee** page.

Steps to Reproduce:

1. Login as Admin

2. Navigate to PIM > Add Employee

3. In the "First Name" field, enter: @n@man!

4. Click Save

Expected Result:

System should reject input with special characters and show a validation error.

Actual Result:

Employee was added successfully with the special character name, without any warning or error.
